WHY MUMBAI

Mumbai stands as a pivotal hub in India's food industry, supported by recent data and developments:

Commercial Hub of India: Mumbai's food services sector leads the nation, with the organized segment valued at ₹55,181 crores, making it the largest among India's top 21 cities.

Gateway to the Indian Market: The Indian food services industry is projected to grow at a CAGR of 8.1% from 2024 to 2028, reaching ₹7.76 lakh crores by 2028.

Diverse Consumer Base: Mumbai hosts over 141,000 restaurants across both organized and unorganized sectors, catering to a wide array of culinary preferences.

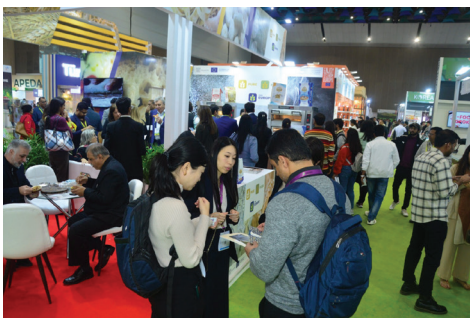

Robust Infrastructure: The city boasts premier venues like the Bombay Exhibition Centre, offering over 60,000 square meters of space, and the Jio World Convention Centre, equipped to host large-scale events with world-class facilities.

Growing Food Industry: The Indian food services sector is the third-largest industry in the country, valued at ₹5.69 lakh crores and contributing 1.9% to India's GDP.

Strategic Location for Global Connections: Mumbai's strategic position and infrastructure make it a key destination for international events, attracting global exhibitors and visitors.

Networking and Business Opportunities: Mumbai's extensive network of restaurants and food service establishments provides ample opportunities for business collaborations and industry growth.

These factors collectively underscore Mumbai's significance as a central hub for India's food industry, offering vast opportunities for stakeholders across the sector.

SIAL Network: Bridging Global Food Innovation

Global Reach: SIAL organizes 12 leading food and beverage exhibitions worldwide, including events in France, Canada, China, Indonesia, India, and Malaysia.

Exhibitor Participation: These events feature over 17,000 exhibitors from 119 countries, showcasing a diverse range of products and innovations.

Visitor Engagement: The network attracts more than 700,000 professional visitors from over 200 countries, facilitating significant business opportunities and international collaborations.

Product Showcase: At events like SIAL Paris, over 400,000 products are exhibited, highlighting the latest trends and innovations in the global food industry.
